SKILLS

Analysis & ERP: SQL, Excel, Process Modeling, Functional and Technical Documentation

Tools: Microsoft Office, Notion, Slack, Linear, HubSpot, MS Project, Power BI, Jenkins, Figma, Google Analytics

Languages: Native / Professional C1-C2: French, English, Portuguese; Intermediate B1: Russian, Spanish

EXPERIENCE

Customer Operations – Supply Chain & B2B SaaS

Paris, France

Pelico (Clients: Safran Aerospace, SAE, SEP, SED)

2024 – 2025

- **Client Onboarding & Implementation:** Supported onboarding of industrial clients, managing account setup, configuration, and personalized guidance; facilitated user workshops and adapted training paths for different profiles (operators, supply chain managers, etc)
- **Content & Documentation:** Built multilingual (EN/FR/ES) resources such as guides, video tutorials, and training materials; documented functional specifications and product workflows in Notion to enhance client enablement
- **Data Analysis & Reporting:** Designed SQL and Excel dashboards to extract key operational KPIs, identify process bottlenecks, and improve visibility and decision-making across teams
- **Cross-Functional Collaboration & Continuous Improvement:** Worked closely with Product, Data, and Customer Success teams to resolve client issues, boost retention and adoption through targeted training materials, and propose data-driven process optimizations based on field feedback
- **Customer Support:** Contributed to structuring internal CRM and ticketing tool usage (HubSpot, Notion, Linear) and proposed optimizations to enhance data visibility and response times
- **Scalability:** Provided functional support during critical deployment phases, contributed to the automation of implementation cycles, and enhanced internal efficiency through iterative process improvement

Global Board | Mkt Operations Manager

Remote

BRASA - Global Board

2023 – 2024

- Managed global projects and an international team, driving company growth and operational improvements
- Executed strategic product positioning through branding and marketing initiatives, increasing stakeholder engagement
- Redesigned the digital product interface and developed media kits, strengthening brand identity
